Dear Cindy & Nick:

Attached is PON 00539. This spreadsheet contains metadata that Pond5 was able to extract from the AWS servers where ckennedy342's uploads are maintained. To the best of our knowledge, the metadata in this spreadsheet, along with any metadata contained in the audio files previously produced, represents all of the metadata in Pond5's possession with respect to all files uploaded by ckennedy342. If you have any questions, or believe that there is additional information that you are entitled to, please let me know. This spreadsheet is being produced in order to meet our discovery obligations and to avoid discovery disputes. Pond5 does not waive and expressly preserves its rights under the work product doctrine.

Best Regards,

Larry E. Altenbrun
